

DMC-PP-WW Series

Dimension

Part Number	Weight in Kg	Dimension		
		A	B	C
DMC-PP-WW-350	11.2	350	600	1200

Typical Reflectivity

Part Number	500 MHz	1-2 GHz	2-4 GHz	4-8 GHz	8-12 GHz	12-18 GHz	18-40 GHz
DMC-PP-WW-350	20 dB	35 dB	45 dB	40 dB	35 dB	35 dB	35 dB

Specifications

Color	Black
Max. Service temperature	100°C
Max. load Capacity	302 Kg/m ²
Maximum Compressive load Certified	ISO 12048

DMC Polypropylene Walkway Absorber

This **PP-WW** series Walkway absorber structure is topped with a higher density Polypropylene laminate. This **PP-WW** series material offer excellent load bearing and wear characteristics. The material's ability to withstand higher loads than most walkway materials is due to the construction technique.
