

DAX 1.000 Vdc Linear Power Supply Accurate, Reliable, Safe!

The DAX 1.000 Power Supply. stand out for its special attention to the project details that aims to ensure high performance without neglect the final user safety.

The DAX 1.000 Power Supply is available up to 25kW!

High Voltage Safety Banans for Power Supplies up to 5 A

Technical Data Example

3 Years Warranty

Output Voltage	from 0 to 1.000 Vdc
Output Current	From 0 to 25 A
Reaction to remore programming (slew rate)	Better than <u>1 V/µs</u>
Ripple and noise	Measued in V mode, <u>under 30 ppm (rms)</u>
Other service	Remote programming and feedback optoinsulated (0-10 Vdc) Over Temperature Alarm through logic signal
General Features as our catalogue DA series
